For India's premium travel companies

New Zealand, by the people who make it.

Bespoke wine, whisky and mānuka honey journeys for India's premium traveller, hosted by Market Access Partners.

Travel: provenance tours · New Zealand to India · September 2026

Why now.

Indian travel companies already sell New Zealand: Queenstown above all, then Auckland, Rotorua, Milford Sound. What they cannot sell today is the source. Market Access Partners hosts your guests at the family wineries, distilleries and apiaries that are ours to open, one winemaker or beekeeper at a time.

3 modules

Auckland and Waiheke (2 nights), Hawke's Bay (2 nights), Central Otago and Queenstown (3 nights), combined into 5, 7 or 10 night journeys

72%

Of Indian holidaymakers to New Zealand go to Queenstown; our Central Otago module is built around it

NZ\$6,900+

Indicative land only per person, twin share, for the 5 night journey; 7 nights from NZ\$9,800; 10 nights from NZ\$14,500

Handled end to end.

01

Every day

A winery and sommelier morning, a distillery or honey afternoon, a long table evening. Stops of 60 to 90 minutes, framed as provenance not consumption.

02

Every night

Park Hyatt Auckland, Craggy Range cottages or Cape Kidnappers, The Rees or Eichardt's in Queenstown; helicopter and ferry transfers where they earn their place.

03

Every stop is ours

No partner, no visit: guests only go to producers signed with Market Access Partners, so the welcome is real and the allocation follows them home.

04

Your margin

We quote net land rates, you mark up. 20% deposit, balance 45 days out. Groups of 10 to 40; pilot groups February to April 2027.

WHY

Why this sells in India

Tourism New Zealand's own India campaign sells the antidote to filter fatigue: raw landscapes, real people, manaakitanga. A winemaker pouring at the source is exactly that.

Your guests fly home asking for the wine, the whisky and the honey by name, and those are the producers we ship to India. Value added at both ends of the world.

Small groups, private lunches, pods of 12 to 16 for tastings, coaches or helicopters as the group size and budget dictate.

A single New Zealand host who books the hotels, the producers and the transfers, and bills it as one line.

Market Access Partners.

A New Zealand company that takes independent New Zealand producers into India ahead of the NZ India Free Trade Agreement, hosts India's premium travellers at the source, supplies New Zealand polo ponies to the Indian season, and introduces Indian families to New Zealand's investor residence pathway. Founded 2026 in Auckland by Paul Newton and Rohaan Mohanty, with Shivaraman Ramaswamy leading the India side from Chennai.
